IN MEMORIAM
In memory of our daddy, Phil Paulette, who passed away December 30, 1953.
There is a golden gate beyond
Where our loved ones go,
To find that perfect peace and love
This world will never know.
Sometimes the clouds will lift,
For we who watch and wait;
Where loved ones meet to part no more,
Inside that golden gate,
As you sleep in God's beautiful garden,
Free from sorrow and pain,
You will always be remembered,
Until we meet again.
—The Children.

Nation's Mailmen Are Potent Force In March of Dimes Disease Battle

A small, yellow envelope serving as a harbinger of an expanding war on crippling disease arrives in the mailboxes of 40 million American families this week.

It brings the "mailer" of the 1962 March of Dimes, now dedicated to seeking the answers to birth defects and arthritis while continuing its work in polio. Printed on each envelope is the confident prophecy, "Your Dimes Will Do It Again!"

Addressed by tens of thousands of volunteers in the county chapters of The National Foundation - March of Dimes across the nation, this symbol of scientific research and total medical care for the victims of these diseases promises immediate help and future hope through the generosity of the American people.

The prediction on the mailer, "Your Dimes Will Do It Again!" is a reference, of course, to development of the Salk anti-polio vaccine and to the later Sabin oral vaccine. Both were made possible, as were the medical care and rehabilitation of many of those paralyzed by polio, by public contributions to the March of Dimes. Many millions of the dollars so well used to bring about these accomplishments came to local chapters through similar mailers in years past.

Recipients of these mailers, including those in distant Hawaii and Alaska, were urged by March of Dimes leaders this week to return the mailers to local chapters as promptly as possible.

As one chapter chairman said: "Aside from financial outlays needed urgently for research and for total medical care of victims, The National Foundation - March of Dimes must expand its already existing national network of chapter-supported clinics helping those stricken by birth defects or by arthritis.

"The figures give you an idea of the appalling magnitude of the problem. Each year in this country, at least 250,000 infants are born with significant birth defects and 21,000 die. This we must prevent.

"As to rheumatoid arthritis, fully 30,000 children and adolescents are crippled. Altogether, more than 11 million Americans suffer from the arthritic diseases. This must not happen in the future.

"When we say to the public that 'Your Dimes Will Do It Again!' it's not an empty boast. We mean precisely that. Some folks believed that the answer to polio would never be found. But our scientists [illegible] doned hope and, because March of Dimes dollars [illegible] from those who believed as did, the answer was found. Tens of thousands of lives have been saved since then, and tens of thousands saved from crippling.

"None of us, scientists included, knows how to find answers and actions to birth defects as we knew how to find confidence before the Salk vaccine that those answers will be found provided the American public supports the foundation."

National Poster Child of 1962 March of Dimes, Debbie Sue Fore, 5, Clarkston, Wash., exhibits jumbo-sized mailer for contributions. Born with the serious birth defect of an open spine, Debbie Sue inserts bill in an envelope almost as tall as she is.
